

PRINCE TIWARI

Aspiring DevOps, Cloud & Data Science Professional

Address: Lucknow, India 227809 | Phone: +91 7237873040 | Email: princetiware3337@gmail.com
LinkedIn: [linkedin.com/in/prince-tiwari-2549b738](https://www.linkedin.com/in/prince-tiwari-2549b738) | GitHub: github.com/Prince8879

PROFESSIONAL SUMMARY

Detail-oriented student and aspiring DevOps, Cloud, and Data Science professional. Skilled in collaborative teamwork, process optimization, cloud infrastructure, and AI-driven solutions. Proven academic excellence with a focus on building efficient, scalable systems.

EDUCATION

Bachelor of Technology: Cloud Computing & Machine Learning Expected Jun 2028

Babu Banarsi Das University, Lucknow

- **Academic Performance:** CGPA/SGPA: 9.25 / 9.0 | Final Grade: 85% | **Ranked 1st in Class**
- **Honors & Leadership:** AI Volunteer of the Section

TECHNICAL SKILLS

Cloud & DevOps:	Linux, Docker, AWS, Git, Networking, Infrastructure Automation
Data Science & Analytics:	Python, SQL, C, Data Analysis, Power BI, Google Colab
AI & Machine Learning:	Generative AI, Prompt Engineering, AI Tools & Automation
Languages:	English (Intermediate B1), Hindi (Upper Intermediate B2)

EXPERIENCE

Generative AI Virtual Intern Feb 2026 – Mar 2026

IBM (Remote) — IBM SkillsBuild / IBMmooc

- **Verification Link:** [IBM Virtual Internship Credential](#) (Course Code: PBELGEN221IN / IBMCEP)
- Gained hands-on exposure to core Generative AI concepts, AI-powered solution design, and practical industry use cases.
- Developed practical understanding of Generative AI fundamentals and workflow automation powered by the IBM Developer Skills Network.

CERTIFICATIONS

Generative AI Essentials — TCS iON / MPIT-CoE Jul 2026

- **Verification:** [TCS iON Verification Portal](#) | Certificate ID: 1683-30912821-1016
- Issued under the "AI for All" program in partnership with TCS Foundation. Covers fundamental concepts, real-world applications, and ethical frameworks of Generative AI.

AI and Cybersecurity Awareness — TCS iON / MPIT-CoE Jun 2026

- **Verification:** [TCS iON Verification Portal](#) | Certificate ID: 1678-30912821-1016
- Completed as part of the Guinness World Record "AI for All" initiative, focusing on AI concepts and modern cybersecurity awareness.

AI Tools and ChatGPT Workshop — be10x Apr 2026

- **Verification:** [be10x Platform Link](#)
- Practical workshop on leveraging AI tools to build presentations in under 5 minutes, analyze complex datasets in 30 minutes, and assist with rapid coding/debugging.

- **Verification:** [PrepInsta Verification Portal](#) | Credential UID: 69dfaaca66ab5da3975030fd
- Comprehensive training covering data analysis methodologies, statistical modeling, data cleaning, and machine learning pipelines.

- **Verification:** [PrepInsta Verification Portal](#) | Credential UID: 695ea1b0bc605076759d0d29
- Hands-on module on Git version control, branching strategies, collaborative repository management, and deployment pipelines.

- **Verification:** [IBM SkillsBuild Verification](#) | Course Code: PY0101EN
- Covers fundamental Python programming, data structures, Pandas/Numpy libraries, and data manipulation techniques.

ADDITIONAL INFORMATION

- **Projects & Focus:** Experienced in building practical projects involving cloud infrastructure, AI automation, web applications, and data-driven solutions.
- **Hobbies:** Playing cricket, listening to music during focused late-night sessions.
